THE 1972 BEEHIVE

EDITOR — Carolyne Holton

ASSISTANT — Marcia Hunt

ASSISTANT — Judy Burruss

Welcome to Jaybee Country

The events that make up this 17th edition of the *Beehive* have been part of a new era at James Blair — an era that will be remembered because we found something that we lost some time ago — school spirit. We found it with the help of our new principal, Mr. Wilson (sometimes referred to as "Kingbee.") Mr. Wilson introduced some new concepts when he came to Blair. Simple things like parking permits, I.D. cards, and bumper stickers saying "This is Jaybee Country." And somewhere along the way a new sense of pride emerged within the student body that makes us all proud to be a part of Jaybee Country. The staff members of the 1972 *Beehive* have worked towards conveying this new spirit to the student body in hopes that it may continue in the years to come.

*There was a child went forth every day
and the first object he looked upon and
received with
wonder
or pity
or love
or dread*

*That object he became, and that
Object became a part of him
For the day or a certain
Part of the day . . . or for
many years
or stretching cycles
of years.*

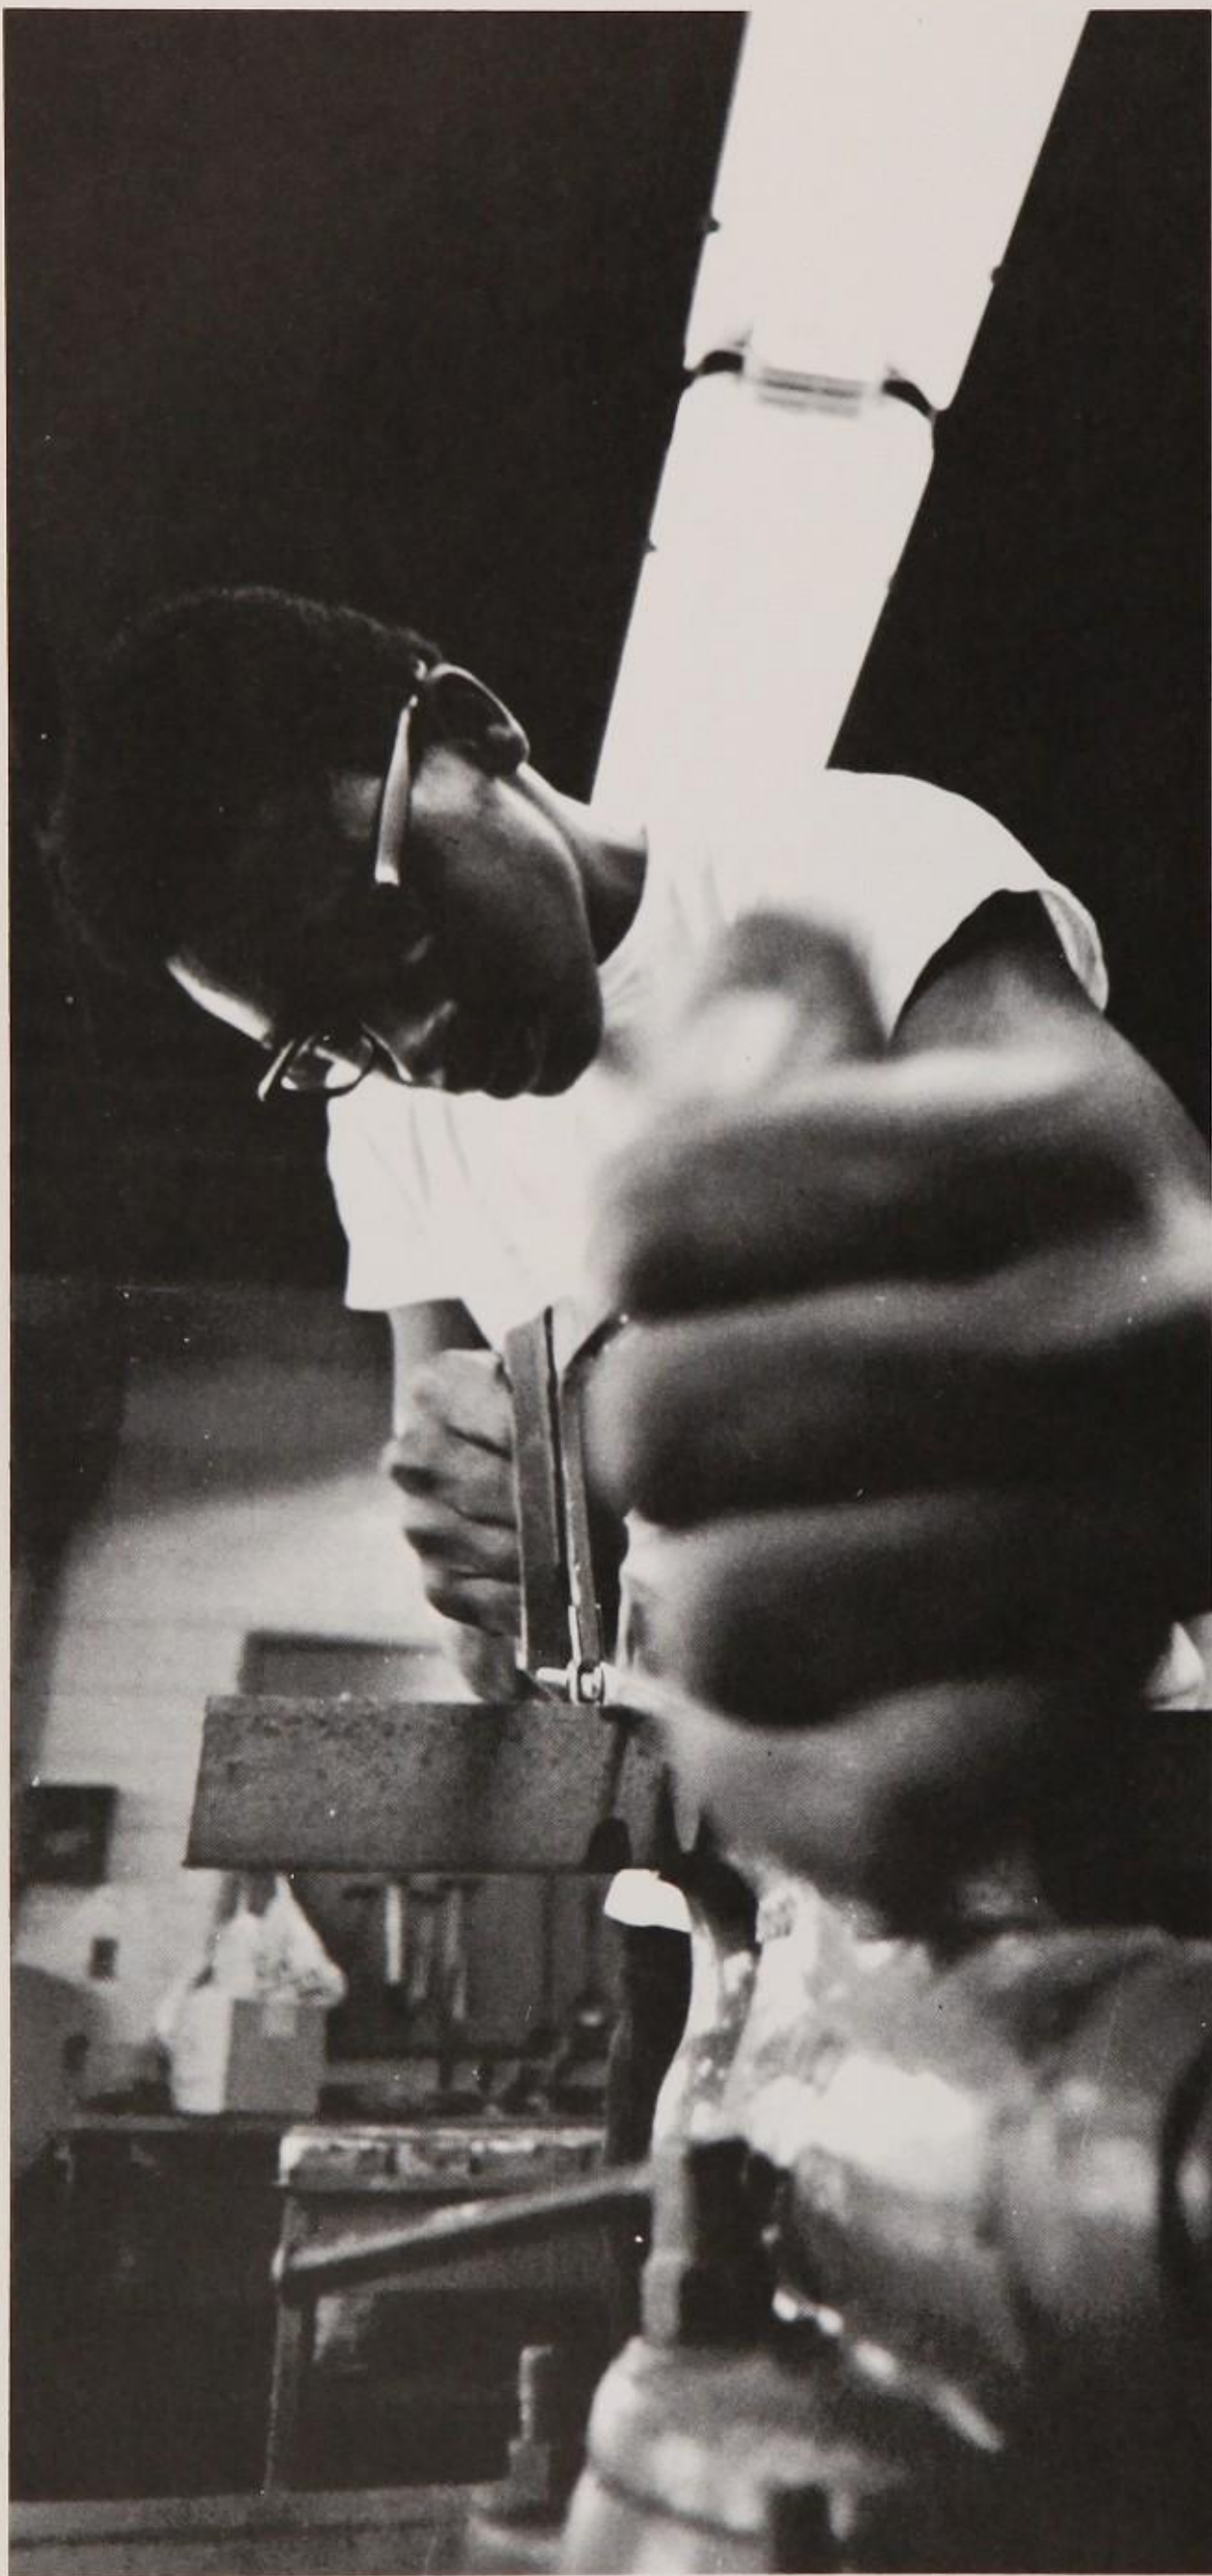

Spirit which we see as our love and our loyalty to all that is James Blair showed itself throughout the year

*In the dedicated stand
that we took toward
social injustice
pollution
ecology
change*

*In the manner
with which we
responded to
Homecoming
football games

activities*

The spirit of the James Blair student in 1971-1972 is a foreshadow of what it will become in years ahead.

Class of 1972 Dedicates Beehive to Clifford B. Howlette

Traditionally, each year, the *Beehive* is dedicated to someone whose personal qualities reach above just being a part of the faculty. The 1972 dedication goes to such a man.

He has won the respect, trust and sincere friendship of every student at James Blair through his patience and understanding as Assistant Principal. It is with a deep appreciation and awareness of his contributions to James Blair that the Class of 1972 dedicates the *Beehive* to Clifford B. Howlette.

"If there is a place in the world that would impress and surprise everyone, it has to be Switzerland. The land of the Alps, extensive lakes, and practical people provided me with the most fulfilling experience I ever encountered. The greatest thrill of this experience came from the deep feeling of being a part of the Swiss culture . . ."

Ronald Lee (*at left*)

"Learning, growing together and reaching out to people you care about are the most thrilling emotions a person can experience, especially when these emotions are shared with a new country, a new school and a new family. When I left I was an American but when I returned I was an Australian. To me this is the essence of AFS: to experience a new country, school, and family to such an extent that you no longer consider yourself a citizen of one country but a citizen of the world and a brother to all mankind . . ."

Cathy Moore (*at left*)
